Life Maps

What Brought You to Where You Are Today?

A historical map of Antarctica, showing various landmasses and islands. The map is overlaid with a grid of latitude and longitude lines. A central white box with a blue border contains a quote. The map includes labels for various locations such as Robertson I., Larsen 1893, Alexander I. Ld., Gerlache 1898, Bellingshausen 1821, Cook 1774, King Edward VII Land, C. Colbeck, M. Discovery, Pr. Albert, Victoria, Erebus, M. Discovery, Knox Land, Budd Land, Battery Ld., Totten Land, Sabrina Land, Kaiser Wilhelm II Ld., Gauss, Ross, Dryg, High Land, Termination L., and Kemp Ld. + Kemp 1833. The map also shows the names of various explorers and the years of their discoveries.

A life map tracks your journey through life and marks out important events along the way. Remember, an important event doesn't have to be exciting or memorable for others, the map is all about showing what is important to you.

Important Life Questions to Ask

- Where did you start out?
- Where have you been?
- Where are you now?
- Where would you like to go?
- How will you get there?
- What will affect whether you'll get there?

What Constitutes An "Important Life Event"

- ☐ Events that teach you something about life or helped you gain a skill
e.g. Selected for a team might have taught you the value of hard work and perseverance
- ☐ Events that made you feel suddenly more mature/ older/ grown up
e.g. looking after your little brother or sister for the first time
- ☐ Events that gave you inspiration for your future
e.g. the first time you were given Lego and built a 1000 piece skyscraper hinted at you future love of architecture.
- ☐ Events that highlight the importance of enjoying life
e.g. loss of a family member or pet

Both good and bad events can make you appreciate, adapt, or change your life

The background consists of two historical maps. The left map shows North America, including Hudson Bay, James Bay, and the Great Lakes, with various cities and geographical features labeled. The right map shows Europe, including the British Isles, the North Sea, the Baltic Sea, and the Mediterranean Sea, with numerous cities and geographical features labeled. A white rectangular box with a thin blue border is centered over the maps, containing the text and a compass rose.

What to Include

What Should I Place on My Life Map

A minimum of 10 events that represent your past.

A minimum of 5 events that you imagine or would like to be part of your future.

Something interesting, something significant to you, something that sets you apart

- A symbol or picture that represents each selected event. The picture should give an indication of how you felt about the event.

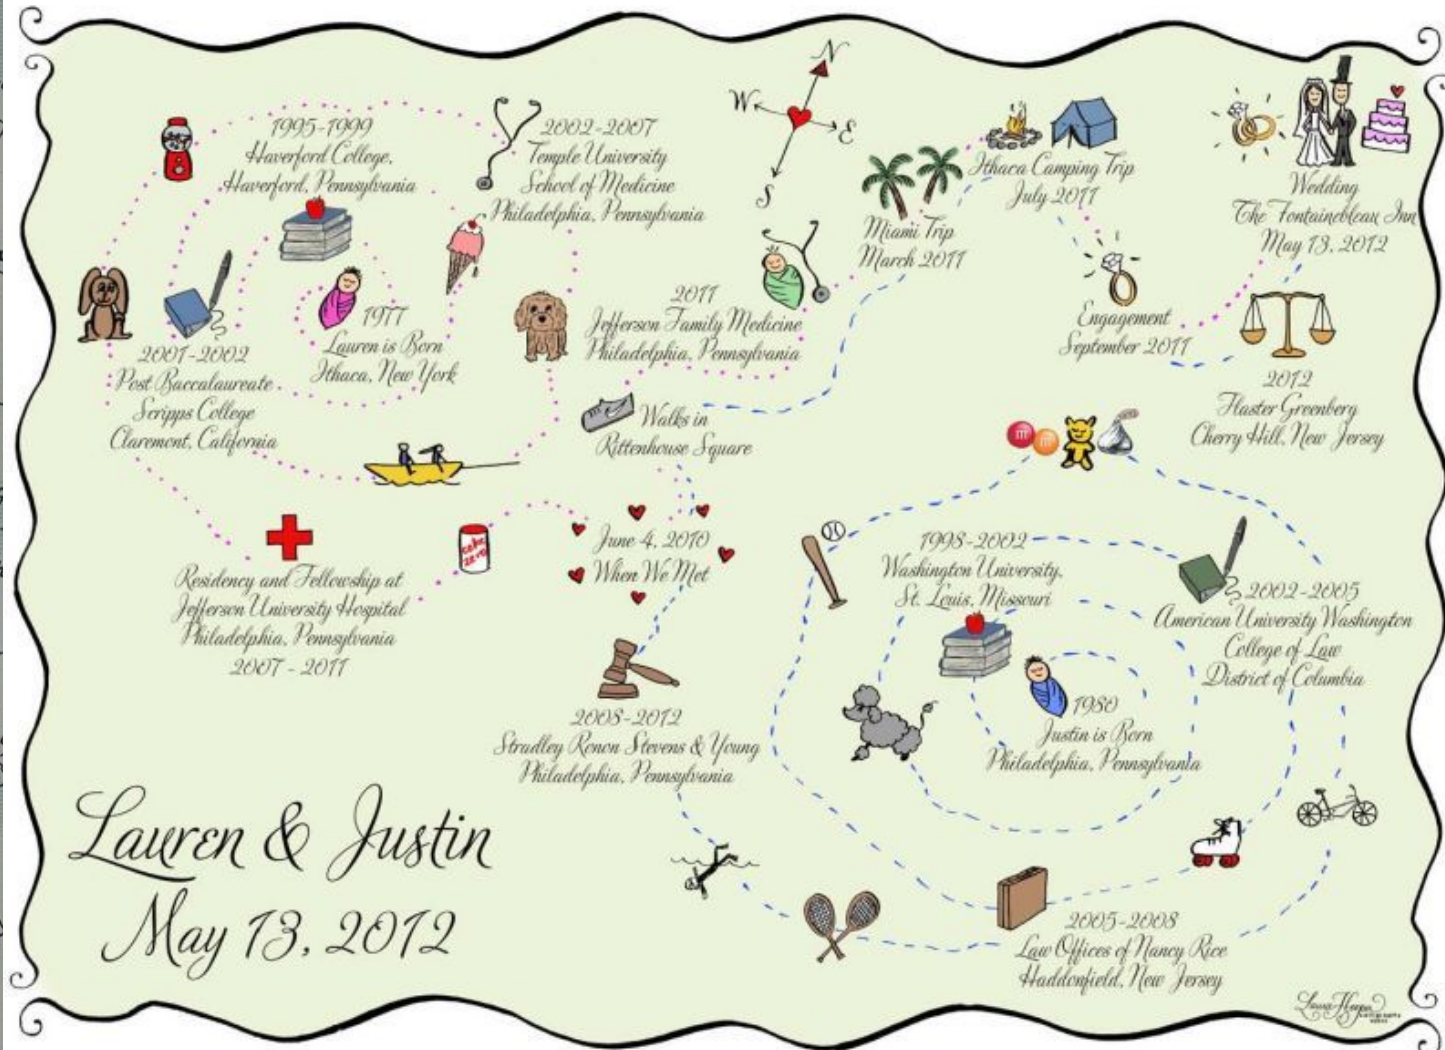

Flaticon.com

- A label which identifies and roughly dates the event. You can be creative and poetic with these labels

e.g. *the road to happiness on my new skateboard.*

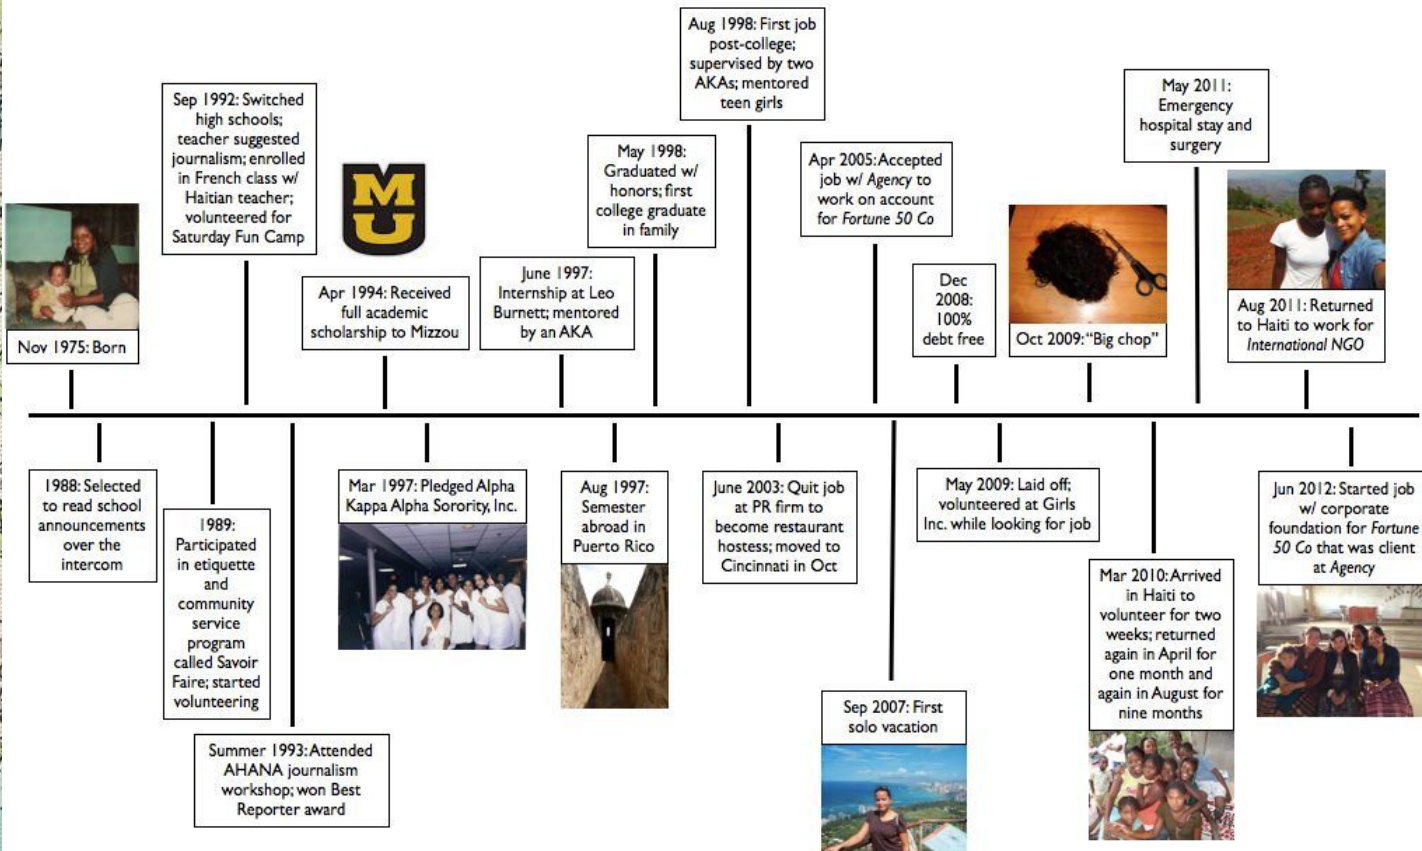

- Connectors between events which help the viewer understand the order in which they happened
